

Designation: A 693—02^{ε1} 693 – 03

An American National Standard

Standard Specification for Precipitation-Hardening Stainless and Heat-Resisting Steel Plate, Sheet, and Strip¹

This standard is issued under the fixed designation A 693; the number immediately following the designation indicates the year of original adoption or, in the case of revision, the year of last revision. A number in parentheses indicates the year of last reapproval. A superscript epsilon (ε) indicates an editorial change since the last revision or reapproval.

This standard has been approved for use by agencies of the Department of Defense.

^{ε1} NOTE—Table 3 was corrected editorially in April 2002.

¹ This specification is under the jurisdiction of ASTM Committee A01 on Steel, Stainless Steel and Related Alloys, and is the direct responsibility of Subcommittee A01.17 on Flat-Rolled and Wrought Stainless Steel Products—Steel.

Current edition approved March 10, 2002³. Published April 2002. July 2003. Originally published as A 693—74; approved in 1974. Last previous edition approved in 2002 as A 693 – 02^{ε1}.
