

Designation: F 1966 – 9903

Standard Specification for Dough Divider and Rounding Machines¹

This standard is issued under the fixed designation F 1966; the number immediately following the designation indicates the year of original adoption or, in the case of revision, the year of last revision. A number in parentheses indicates the year of last reapproval. A superscript epsilon (ε) indicates an editorial change since the last revision or reapproval.

1. Scope

1.1 This specification covers commercial hand operated dough divider machines and semi-automatic and automatic, electrically operated, dough divider and rounding machines with or without interchangeable heads.

1.2 The values stated in inch-pound units are to be regarded as the standard. The SI values given in parentheses are for information only.

1.3 *This standard does not purport to address all of the safety concerns, if any, associated with its use. It is the responsibility of the user of this standard to establish appropriate safety and health practices and determine the applicability of regulatory limitations prior to use.*

2. Referenced Documents

2.1 *ASTM Standards:*

¹ This specification is under the jurisdiction of ASTM Committee F26 on Food Service Equipment and is the direct responsibility of Subcommittee F26.04 on Mechanical Preparation Equipment.

Current edition approved April 10, 1999; 2003. Published July September 2003. Originally approved in 1999. Last previous edition approved in 1999 as F 1966 – 99.
